BUILDING INVESTMENTS

WHY SERENE COUNTY?

Kia Motors, World's 8th largest automaker and a new entrant to the Indian auto industry is building one of the largest manufacturing plants in India at Penukonda which is in the Anantpur district of Andhra Pradesh. The facility is just about 160 km away from Kempegowda International Airport, Bangalore, and is situated right in front of the National Highway that connects Hyderabad with Bangalore. Kia Motors Plant which is being built at an investment of 1.1 billion USD (10,000 crores) is spread over 540 acres of land of which 110 acres are used by Kia Affiliates and Suppliers. The industrial developments in Penukonda will allow your investment to grow in an exponential way in the coming years. The project is safe and secured with a clear title deed.
